Lighting… It's What We Do.

We are a dynamic and valued business partner.
We are always a step ahead, prepared for the changing of time and customer needs.
We are driven by strong values, accountability, and high standards.

We Are CNR.

And we are here for you now, just like we always have been, since 1870!

Table of Contents

Integrated Daylight Harvesting
& Occupancy Sensors

LCAT: 2' x 2' LED Contemporary Architectural Troffer

29W, 3473LM, 4000K, 80 CRI, 120-277V, 0-10V DIM

#LCAT22-40MLG-DALIPU-ODPG

**Columbia
LIGHTING**

- High efficiency acrylic center lens features linear prisms for high performance without pixilation
- 60,000 hour LED at L80 (up to 150,000 projected life) for reduced maintenance
- 3000K, 3500K, 5000K available by order
- QR code traceability
- Recessed, surface, or cable mount
- Five year warranty (Terms and conditions apply)

LCAT: 2' x 4' LED Contemporary Architectural Troffer

39W, 4990LM, 4000K, 80 CRI, 120-277V, 0-10V DIM

Color Selectable & Wattage Selectable

Selectable Backlit Panel 2' x 2' LED Flat Panel

30 to 39W, 3260 to 4247 LM, 3500 to 5000K,

120-277V, 80 CRI, 0-10V DIM

#2SBP3040L8CS-2-UNV-DIM

- Overall 1-1/2" deep luminaire, including driver box, provides minimal intrusion into the plenum space

- TM-21 predicted L70 lumen maintenance up to 67,000 hours per LED manufacturer LM-80 report.

- Standard configurations are 0-10V dimming to 5%

- Acrylic diffuser provides visual comfort and high efficiency.

- Flat opal lens is easy to clean and provides a uniform aesthetic on the ceiling plane.

- Tight enclosure assembly impedes ingress of dust and insects.

- Five year limited warranty includes LED boards and driver

Selectable Backlit Panel 2' x 4' LED Flat Panel

34 to 51W, 4138 to 5697 LM, 3500 to 5000K,

120-277V, 80 CRI, 0-10V DIM

34.3W, 4180LM, 3000 to 4000K, 120-277V, 0-10V DIM

#NWL440L8CSTUNVDIM-OCC

- White polycarbonate housing for durability

- Frosted polycarbonate lens for even, low glare lighting

- Power interconnect (both flush and 12" cable) provided to link fixtures together if desired

- Maximum number of fixtures linked together is 8.

- Integrated PIR occupancy sensor with 15 minute 100% to 20% delay time. Sensing diameter approximated 2x mounting height of fixture. Integrated on/off switch to engage sensor. Default factory setting is sensor off/ not engaged.

- Hardware for surface mounting included

- Suitable for damp locations.

- Five year limited warranty

FluxStream Linear Strip

FSSEZ: 4' LED Linear Strip

32W, 3653LM, 4000K, 80 CRI, 120-277V, DIM

#FSSEZ440L840UNV

- Up to 50,000 hour predicted L70 LED lumen maintenance

- Compact design for installation in tight spaces

- Can be surface mounted on ceilings or walls (ADA compliant), or suspended via chain, pendants or cables.

- Ideal for cold applications (-20°C)

- Frosted acrylic diffuser provides wide light distribution and superior glare control

- Enclosed lens minimizes penetration of dust, insects, and other debris into the lamp compartment

- Five year limited warranty

FluxStream Linear Strip

COOPER Lighting Solutions

Industrial 4' Vaportite LED

4VT3: 4'

37W, 4900LM, 4000K, 80 CRI, 120-277V

#4VT3-LD5-4-G-UNV-L840-CD1-U

52W, 6000LM, 4000K, 80 CRI, 120-277V

#4VT3-LD5-6-G-UNV-L840-CD1-U

- Full metal fixture liner

- Watertight housing

- Fiberglass housing is reinforced polyester and self extinguishing (ASTM-D635-74) plastic

- 1/2" conduit entry at each end of housing (standard) for continuous feed

- Polyurethane gasketing provides a continuous seamless seal for the diffuser lens

- Four sturdy cam latches clamp diffuser tightly for a positive seal between housing, gasketing and diffuser

- NSF International certified for NSF/ANSI Standard 2 – Food Equipment

- IP69 rated with wide or parking garage distributions

- Projected life is 60,000 hours at 91% lumen output

- 5-year limited warranty.

Universal™ Lighting Technologies

VTL8: 8' Vapor Tight LED

78W, 10,000LM, 4000K, 85 CRI, 120-277V

#VTL8-7K840-U

- Gasketed white fiberglass housing

- White enamel painted steel gear tray

- (12) White plastic molded retaining latches

- (4) Stainless steel mounting brackets

- Housing includes a plugged 1/2" conduit entry point at each end

- Suitable for wet locations

- IP65 rated for covered outdoor use

- 5-year limited warranty.

COMPASS®
Products by Hubbell Lighting, Inc.

CE Series LED Emergency Exit

#CEG, #CEGR, #CER, #CERRC

White Thermoplastic, Universal Face, Green or Red Letters

Remote capacity or extended runtime option

- LED life-cycle of more than 10 years

- Wall or ceiling mounting

- Suitable for damp locations

- Dual voltage 120 or 277V AC input

- Canopy included

- Two year full unit warranty

CC Series LED Combination Exit/Emegency Light

#CCG, #CCGRC, #CCR, #CCRRC

White Thermoplastic, Universal Face, Green or Red Letters
Remote capacity or extended runtime option available

- LED life-cycle of more than 10 years

- Suitable for damp locations

- Dual-voltage 120 or 277V AC input

- Includes long-life Nickel Cadmium or Nickel Metal Hydride battery for UL recognized 90 minute emergency lighting

- Lamp-heads are fully adjustable

- Canopy included

- Two year full unit warranty

Emergency Lights

CU2 Series LED Emergency Light

#CU2

White Thermoplastic LED Emergency Light

- LED life-cycle of more than 10 years

- Suitable for damp locations

- Fully adjustable lamp-heads

- Two year full unit warranty

COR Series LED Outdoor Remote

#CORD (DOUBLE), #CORS (SINGLE)

White Thermoplastic LED Outdoor Remote Emergency Light

- Single and Double lamp-head outdoor remote with base

- LED lifecycle of more than 10 years

- Quick installation

- Fully adjustable lamp-heads

- Fully gasketed for application in wet environment

- Two Year full unit warranty

PowPak Fixtures and Modules

PowPak wireless fixture control

- Controls 1A of load or up to three drivers/ballasts

- Select either area sensing or individual fixture sensing

- Input 120/277V

PowPak relay module

- Capable of switching 5 A of general-purpose loads

- Optional low-voltage dry contact closure output provides integration to building management systems, HVAC, VAV, etc.

Wireless Remotes

LUTRON

- No wires—put it where it's most accessible

- Pedestal mount for tabletop use

- Surface mount anywhere with Claro wall plate

- 10-year battery life

Pico 2-button

Pico 3-button with raise/lower Wireless Remote

Sensors

Wireless Daylight Sensor

- One sensor is capable of switching, stepped dimming, and continuous dimming of multiple zones

- Intuitive test mode provides instant system verification

- 10-year battery life

Radio Powr Savr wireless sensor

- Detects heat from people moving within an area to determine when the space is occupied.

- Wirelessly transmits the appropriate commands to the associated dimming or switching devices to turn the lights on or off automatically

- Mounting options include: wall, hallway or corner

Wireless occupancy / vacancy sensor

- Supports advanced occupancy features, such as dependent occupancy groups and customizable occupied/unoccupied presets in some systems

- Multiple sensors can be added for extended coverage.

- Multiple ceiling-mount methods available for different ceiling materials

- 10-year battery life design

Batteries

If you're buying batteries anywhere locally, chances are you're paying too much.

Emergency Batteries Available

CNR will beat any advertised price from local wholesalers and retailers in case quantities AND... deliver them right to your door.

Bulk Recycling

 ## Don't forget to recycle!

CNR, in close partnership with Veolia Environmental Services, have facilitated the recycling of <u>more than 1400 tons </u>of potentially hazardous waste since 2005!

Ask your CNR Account Executive for details on our recycling program and PITCH IN!

Bulk Recycling is picked up by CNR and scheduled for bulk pickups by Veolia from our warehouse.

-Good for re-lamp and retrofit projects

-Billed on a unit pricing basis

> **-Lamps per linear foot**
>
> **-Lamps per each**
>
> **-Batteries or Ballast per pound**

The bottom line…

The most effective way to protect against future liability is to ensure that the mercury in lamps is reclaimed by a reliable, reputable environmental service company. The same holds true for all types of universal wastes including batteries and electronic equipment.

Pre-paid Recycling

RecyclePak® makes recycling easy. When the container is full, simply ship it out, it's prepaid! it

One price includes everything you need to begin recycling -- packaging, prepaid freight from your facility, processing and certificates of recycling

A wide variety of packaging and sizes
